

## Testimonials

*Location of the Villa is just perfect. The villa is actually better than the pictures!!! The Villa is within easy reach to main local destinations and if people hire a car they can travel around the island. A lot of history and local attractions.*

*We would recommend a restaurant on the way to Adonis Bathe and the boat trip for a day (the most expensive one €75) well worth the money.*

*We love Cyprus and visit often. We had a great holiday. The villa is spacious, and had everything we needed. The bbq in its own area is a great idea. The pool and patio area is fantastic, the kids really enjoyed it. One big advantage was the pick up from the airport. We will be recommending this villa to our friends and family.*

*The villa was in a great location for us, within walking distance of great little village with an excellent taverna and cafe and great for peaceful walks. It's also not far from the shops in Paphos by car. The villa is comfortable and spacious with all amenities you'd need including the private pool, barbacue area and garden area. The maintenance team is available for pick ups at airport and for sorting anything that might arise. This is a great place to chill out. We've been here twice already and have recommended to other family members.*
